

ITEMS FOR A FIRST-AID KIT

Dog owners can treat minor injuries for their pets if they have the appropriate remedies, tools, and equipment available. A home first-aid kit needs many of these same items.

- Gauze sponges (4")
- Triple anti-biotic ointment
- Rubbing alcohol
- Eye wash
- Pepto Bismol tablets
- Hydrocortisone acetate (1%)
- Buffered aspirin
- Hydrogen peroxide
- Bandage scissors
- Vet wrap bandage
- Blanket
- Tweezers
- Rectal thermometer
- Ear syringe (2 oz. capacity)
- Ace self-adhering athletic bandage (3" wide)
- White petroleum jelly (Vaseline)
- Sterile, non-adherent pads
- Generic Benedryl capsules (25mg)
- Sterile stretch gauze bandage (3" x 48")
- Dermicil hypoallergenic cloth tape (1' x 300")
- Kaopectate tablets (maximum strength)
- Custom splints
- Ziplock bags
- Hemostats
- Paperwork with dog's health records
- Muzzle
